

UKS2 - Homework Web

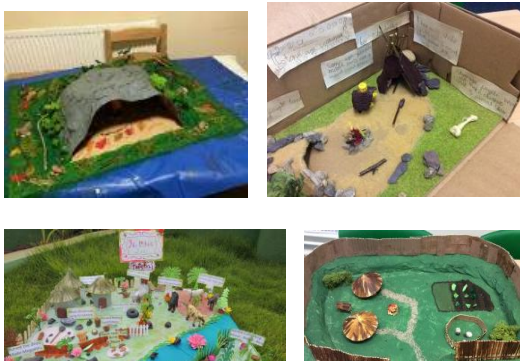

Autumn 1 - Hunter Gatherers

Please choose 1 of the following projects to complete to help further your knowledge and understanding of this half term's Hunter Gatherer topic. **Alternatively, if you have a burning desire to complete a different related project, you can surprise your teacher with that instead.**

Option 1: Create your very own Stone Age to Iron Age settlement or Stonehenge model with information

This could be from any time - caves, huts, hill forts ... you choose! You could even include links to some of the resources, objects or hobbies from the time. Material ideas: natural resources, lego, playdough, papier-mâché – it's your choice.

Add information about your settlement/Stonehenge – labels, where it is found etc...

Option 2: Draw, paint or create a collage of an animal from the Stone Age.

Choose your canvas – paper, cardboard, cloth – your choice!

You could also find out additional facts about the animal – when it lived, what its diet was, which animal family it is related to...

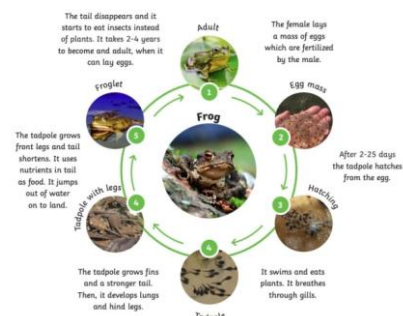

Option 3: Create a life cycle for an animal of your choice

Research the life stages of your favourite animal and create your own life cycle.

This could be in paper form, a slideshow presentation or even a stop motion animation.

Try to include key information about each stage.

All homework should be completed to the best of your ability and handed in prior to the last phase assembly of the half-term.
