

LKS2 - Homework Web

Autumn 2 - Skeletons

Please choose 1 of the following projects to complete to help further your knowledge and understanding of this half term's Skeleton topic. **Alternatively, if you have a burning desire to complete a different related project, you can surprise your teacher with that instead.**

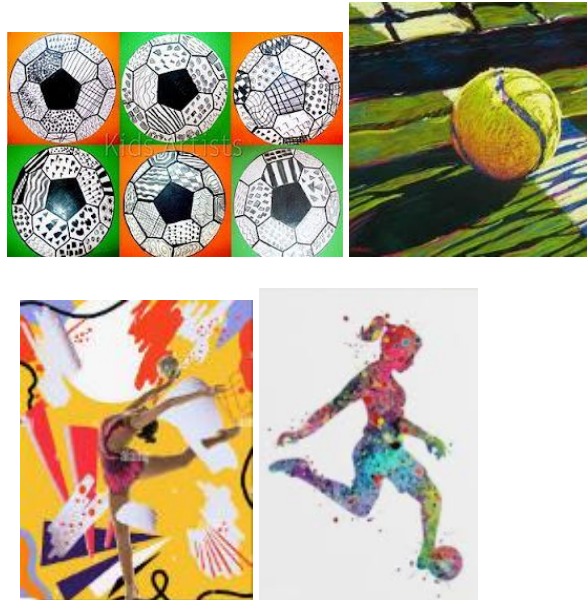

Option 1: Create a moving skeleton

Our skeletons help us move as well as protect vital organs. Create a moveable skeleton to show how they move, thinking about where bones are joined together.

Option 2: Draw, paint or create a picture inspired by sport

Sport gets our skeleton moving and keeps it healthy and supple. Create some artwork inspired by sport. You could paint, draw or print. Think about how the sport gets your skeleton moving as you complete your task.

Enjoyment

Option 3: Mexican Day of the Dead skeleton mask

In Mexico, people celebrate their ancestors on a 'Day of the Dead'. They create masks to wear on this special day.

You could draw or paint your own mask, or even create a 3D version!

All homework should be completed to the best of your ability and handed in prior to the last phase assembly of the half-term.
