

## KS1 - Homework Web

### Spring 2 – Seasonal Change

Please choose 1 of the following projects to complete to help further your knowledge and understanding of this half term's Science topic. **Alternatively, if you have a burning desire to complete a different related project, you can surprise your teacher with that instead.**

#### **Option 1: record the seasonal changes you can see.**

Go on a walk with your family and see what seasonal changes you can see as we enter Spring.

Record what you see in any format. You could make a poster, create a Seesaw book or write a fact file.

#### **Option 2: make a piece of artwork about your favourite season.**

Create a piece of that shows your favourite season.

You could use paints, collage or craft items. You could also create a sculpture using Lego, magnatiles or any construction items you have at home.

#### **Option 3: World Book Day**

Can you create something linked to your favourite book? Be as creative as possible! There will be a winner for the most creative!

#### **Option 4: Read Your Own Way**

This year's theme for World Book Day is 'Read your own Way'. Where do you read? Have you read in any unusual places? Take pictures of yourself reading in unusual, funny or strange places.

There will be a winner for the most inventive!
