

Activity 1: Art/History

Draw and label a detailed Iron Age hill fort. Label the different parts and explain their purposes.

Activity 2: Science

Choose an animal species to create an evolution study on. Research its history, evolution and how it is suited to living in its environment. This could be paper based, video, PowerPoint etc – be creative!

Activity 3: Science

Create an 'inheritance family tree' to map the eye colour and hair colour of your family members. See how far back you can trace these characteristics to look for any patterns

UKS2 Homework Topic Web

Autumn 2 – Iron Age

Here are some ideas that will support our topic learning this term.

The expectation is to complete **at least 1 piece** of Topic Homework.

Please send in any completed activities as and when to share with the class by 14th December.

Activity 4:

We are holding a competition in school over half term to make your own poppy at home ready for Remembrance Day. You can be as creative as you like. Please save any poppies under the activity on Seesaw.

Remembrance Day Competition

Activity 5: Computing

Create a multimedia presentation about the Iron Age. This can include: videos, images and text.

Activity 6: DT

Build your own 3D Iron Age hill fort using resources you might have at home. Label and annotate the features.

Activity 7: Personal Development

Compare life during the Iron Age to now. What has evolved? Are there any aspects which we still incorporate in our daily lives?

How to help further

Research the controversy of the Old Oswestry. Do you agree with building 200 luxury homes over the best preserved Iron Age hill fort?

Focus on a specific area in Britain during the Iron Age and create contrasting geographical maps. Are any of the hill forts still there now? If not, what has taken its place?
